## FOUNDING FATHERS CRY ON THE RADIO

Founding Fathers' Cry is reaching into the blog talk radio sphere to raise awareness on ways to bring our Country back to prosperity. Our goal is to help inform our listeners and fellow patriots so they will be armed with one of the most powerful tools... knowledge.

The show is every Thursday night, 8-10 CST. The call in number is: (347) 215-6929. You can listen live online, or download past shows from the Patriots Heart Network at: <http://www.blogtalkradio.com/stations/PatriotsHeartNetwork/>.

On April 2, 2009, Ray interviewed Rosanna Pulido on the show. Unfortunately, she did not win her Congressional bid. However, she is a very intelligent and enlightening woman and her interview is a must listen.

On April 9, 2009, Don interviewed ResistNet creator, Darla Dawald, as well as some of her state coordinators. ResistNet is a network of citizens who are opposed to the current administration's agenda and policies.
