true that once you begin you can never go back. I know Matrix 5 will change anyone that reads it even if they don't comprehend or understand. I really look forward to the rest of my life so to say no matter what happens."

Editor Note: (Comments below are excellent. Loneliness, after spiraling out with the info in Matrix V, is one of the rocks near the END of the rocky road. Since you accept leaving the Game, you’ve overcome most of the rocks. Now it's time to test your dedication to what you've now learned. Can you incorporate what is given (that you need/want) into your life? If it's only an intellectual thing, you have far to go, but will go that way either later on or in another incarnation. The Narrative Author, Nov 2001)

"There were two big things that came into my life as a result of Matrix V - loneliness, and responsibility. Loneliness (although I have plenty of 'people' around) is not new to me, (or, I would guess, to most of the people on this forum) but this is a different kind of loneliness in that 'meaningful' conversations with everyday people becomes tedious and 'meaning-less'. (unless humor can be brought into it! - I find the two extremes very satisfying - either a conversation in which something new can be learned or given, or just a bloody good laugh just for laughter's sake - I would rather peel my eyeballs than engage in small-talk). I often sit and marvel at the genius of the 'game' when listening to intelligent, articulate and philosophically astute friends opine their theories with well-rehearsed ardor (if I can stand it that long)- to the point of mesmerizing their close audience - BECAUSE it is blindingly obvious they simply do not 'get it' - the blinkers are too high and wide and dense. And what is even more fascinating is how their audience is readily 'taken in' by it. A few grand gestures and a well-placed 'I think...' or 'I believe....' and the audience is hooked. Matrix V says a great deal about the 'beliefs' and the belief-system territories give an excellent example of this human folly. This is the lonely part - but can be fascinating. The responsibility part comes with not only how one handles the information; but also, how one uses the information. Human (3D) nature being what it is, many people would have hidden agendas or motivations for either being involved with the Matrix V information, or for using it to satisfy their egos (hence the body-id based "longing to be a Final Incarnation" - and then let everyone know about it). Also, as The Author stated many times about 'pushing the information to one side if it's too much', many people cannot take the responsibility to themselves to admit that some new information or other is too much at that time (hence we had our synchronous journeys to this information which came along when ready) and in personal conversations with people when this material is brought to the surface, it is easier for the listener to dismiss your information outright if they can't handle it, than to just put the book to one side. The human contact thing really upsets some people whereas the book is a lot less intimidating. I'm aware that I'm beginning to ramble now, but I just wanted to think but loud and share some thoughts with you all. So, on a last note (and trying to stick to the title of this thread) I wouldn't say that there's a Challenge 'beyond' Matrix V as such, as I think the information is part of us on many levels and therefore gets to evolve and grow as we do - and WITH us. It's not like we can read the book a few times and put it down and say 'ok I've learnt that lot, what's next?'.

"It was my experience before reading Matrix V that I would be subjected to the same alienation, loneliness and general disassociation that I have experienced during my reading of the material. The real divergence in experience for me, has been that now I more fully understand why. This has made all of the difference. I had read a few light-sided texts and channels on my path to Matrix V and felt even more the outsider. I would find bright and promising friends who knew that something was amiss here on Earth. Slowly I would watch as they would then proceed to construct a whole new set of boxes to fit themselves in.
Subsequently they would fall out of my life and I would be alone again. Each time having their judgment that I was "Dark" linger. I had to be dark because I wasn't buying into the new set of dogma ... Also there are the unfolding gifts of consciousness that I didn't have before Matrix V and have really tapped into. It is a blast sharpening these skills and allowing others to surface. Almost like the Christmas morning Gestalt. A mixed anticipation and glee of the unknown yet certain to be pleasant experiences awaiting."

"All or most of us who have found Matrix V have traveled many roads, with each road new experiences taking us further from what we have been brought up to believe as normal. The further that we have traveled the lonelier it becomes because we find ourselves out of sync with society in this world. When you think how many people are on this planet, with all the different belief systems, no matter where you go there is control. So it is any wonder that we, during the search for truth, should be surprised to find ourselves lonely and isolated. At the end of the day we are only responsible for ourselves. People, whether they are family, friends or others are only interested in their own life's agendas, and in the main only see what they are programmed to, most never think beyond what is considered normal life. It doesn't matter who they are to you, if your views don't concur with their ideas and lifestyle, you ultimately find that they are uncomfortable around you. They are where they are meant to be, just as I am, and that's the way it is. Because of the changed mind-set, and seeing the world the way it really is, on the one hand is the euphoria in finding the answers to the most important questions in one's life. The other is the loneliness, because looking around you there is no one to talk to, or share this with, because no one is on the same wavelength. That's why this specific forum is so unique, because each of us can share experiences with other like-minded people. I have always agreed with the saying that anything worth having is not easy to get, and anything easy to get is usually not worth having. Coming into contact with the information in Matrix V has taken many years of searching, yet these years have taught me so much because without the knowledge that I have acquired during this time, I would not have understood or been ready for what Matrix V has taught me. There is a reason for situations we find ourselves in and everything that we do, although this may not always be clear or apparent to us at the time."

"I've been following the Matrix publications since the early 90's. Began reading Matrix V in June. I've noticed that it pushes buttons in my friends who claim to be very spiritual."

"First of all, let me tell you my life changed in every way after reading Matrix V. It made me doubt everything in my already doubtful life full of questions in search of the truth. Religion and control have always been a real repellent to me - thanks to myself for evolving this far. I think Matrix V is the true last step you have to overcome to be able to really spiral out. The most difficult step will be to digest this information and be able to control it instead of it letting control you. This information has the tendency to sweep you of your feet - and you will have to crawl back up. But when you do succeed - they won't be able tonock you down again."

"I have found M5 very helpful in clarifying things I have known, felt, thought, and been confused by. I have 3 teenage boys that have helped me live and refine my Truth. I am in a dominant incarnation and see no "problem" with any of my choices. I have always known the presence of my higher self, even though I didn't always have that word as a reference. Having children is an experience. What is gained is up to the incarnations having the experience. Having children has been a great opportunity for me to find out the nuances of living the universal laws. It has also given me the opportunity to learn the difference
between body and spiritual stimulus. I allow the spirits inhabiting the young bodies the same opportunities."

"I had a child 6 years ago, just one. I got M5 on November 2nd 2001, I can't put it down, when I'm not reading it I am constantly thinking about it and see everything around me with M5 eyes! I agree with it so far. M5 is the first time I've read about manipulative females, breeding and the DNA commands installed by the meddlers and that Earthers have only 2 strands of DNA left after the original 12 strands had been mutilated. Anyway, while reading I was becoming concerned that I'd bred and becoming over-concerned with wanting to know whether I am a final, dominant or very advanced. I've been on the excellent rocky road since I was 10 and began a dedicated spiritual path about 5 years ago."

"In 1996, I found a book that started my conscious connection back to my Higher Self. I left The Game gradually in 1997 and 1998. Still on the rocky road. Three days ago I received M5, I'm on page 144. I recognize, understand and agree with it so far. What was brand new to me though is the female thing. Some of it was difficult to read but it is all true, I can see it in every female I know and the one I used to be. Even the "spiritual" females now appear more more likely light-siders than Awakened. In fact, they try to manipulate other females too. I find it difficult to interact with those stuck in programmed responses and their failure to look deeper. I gave up social life and shopping for anything other than food 3 years ago and am most pleased with the inner results."

"Matrix V is not something one can just read and then place on the bookcase when finished. This knowledge is SINGULARLY the most important issue on this density, where upon coming into contact with this information, turns life upside down, inside out. In effect like the film 'The Matrix'. Once this knowledge is gained, your mindset is effectively out of the 3rd density Matrix, and there is no going back! Observing what's happening in the world, everything appears to be as it has always been. To watch television, read newspapers, listen to people discussing world affairs, this is all normal, yet with the changed mind-set, it is like watching a play, in which I am part of, yet not participating in - like before Matrix V. Now I find myself looking at events with new eyes, I expect the unexpected and think the unthinkable."

"I was on the path to understanding the game and it's myriad of ramifications when I was lead to Matrix V while looking to more fully override my body identification. I cannot agree enough to the change in perception while continuing to integrate this material. I knew there was a game before. I saw it all around me. I guess I knew just enough to keep me out of trouble. Matrix V has been the graduate course I was seeking. While reading it I have connected on a much deeper level with my higher self and every day this brings more talents to light."

"There are many novel insights presented in the narrative. The stuff about higher self and minion incarnations is an explanation I've never come across anywhere as to how we can suddenly have 6 billion "people" here on earth, when past populations have never approached that level. Perhaps it also suggests an explanation for how so many "people" can be such "sheep" in falling for the daily mind wash."

"I've just received M5, I've read the first 35 pages and feel different already - has further intensified focus of my observations of 3D, its very potent stuff, intuitively unquestionable. Love the meditation - thanks for that, beauty in simplicity, thanks I've been
searching for a straightforward method of connection to My Higher Self. There's far too many complicated methods around.

"When I first started reading my opinion was the the author was rude and arrogant. Now I realize how social niceties and light-siders waste our valuable time. Too many years I have been what people expected me to be and held myself back trying to be that perfect, loving image. I recognize that I am not a final or near final incarnation, but I love the information and sending it on to my Higher Self."

"I have just received the Matrix 5 and am only on about page 40, however I find myself reading ahead and am intrigued. I don't really have a question for you, but I just would like to say how many things make sense to me. Now I finally have the Matrix, I am reading it very slowly, rereading and doing a lot of thinking."

"On discovering the information within Matrix V - Life, as we have known it is changed forever for each of us who have come into contact with this material."

"Life during/after Matrix Five and subsequent shifts in creative focus: I have found that there is increased contrast with the few people I have allowed to stay in my life that are trying to pull me back into the game. Most are clients and a few sporadic family members. I am observing as they are pulled out of my life. As I align more clearly and with focus on being in direct and full connection with higher self I see that all vestiges remaining in the way of this flow will fall away. This happens perfectly and without effort."

"First off, a big thank you for your work in Matrix V. Every bit of it has struck a chord with me, and in many cases, you voiced and articulated sentiments and feelings I'd had and hadn't even really been aware of or how to state clearly. I've been on a search for information about life and the universe since around the time I was 13, and up until recently, most of the information I've been able to find has been light-sider, light-worker, new age, etc. There's been some useful info through all that shit but it's always been frustrating trying to weed out what applies and what's simply utter crap. Also, your book is wonderful because it's written from a human perspective"

"... I gained something that I've never notice before, I gained the ability to know when my body is speaking and when my SPIRIT is doing it. Never before had I been such aware of this... Just my experience on how matrix 5 changed my day-to-day life..."

"I received my copy of M5 today. Thank you!! Yes, I am already beginning to see and feel differently.... Thank you for presenting the possibilities."

"Reading the material is so life changing, in that if you are ready for this knowledge, then this life's experience is irrevocable changed, you can never go back to what you believed prior to accessing this information. There is only one way to go and that way is forward. I feel that in MV the Author explained everything in an interesting, detailed, easy to read and understand format, and that is no easy feat!"

"I cannot thank you enough for your brilliant, honest and powerful work in Matrix V. Much of your material served as welcome confirmation to what I have known within since early childhood but never had very much "outside" validation of. This being so, your direct and often pointed and humorous approach added a very welcome dimension to the review. As
for the 'new to me stuff' WOW!! Mind blowing and so exciting. I have been reading and re-reading since late August and feel so alive. I have witnessed countless confirmations of the Orion female material and even recognized many patterns from my early experience and some still lingering now. The understanding of the DNA commands is essential to overcome these patterns, at least for me. I am almost saddened to see the infiltration of "Female Power" in countless movies and other forums of expression here. I am rather unplugged from the mainstream media and have been for about six years yet still see evidence daily of the obvious control being propagated. I am ever more focused on the new paradigm, and full connection with my higher self because of this invaluable material. For this gift words cannot explain both my gratitude and excitement. I could go on and on with this praise but sense you have no real use for it. Just know that your material is reaching many. Even those who on the surface appear to be Long Island housewives. I was working diligently on releasing residual female programming about how I looked, ate, spoke (I tend to swear like a sailor when I get excited:-) dressed at nauseum when I was prompted from within one afternoon to order the book. What a help. The thought forms on Long Island are so large and powerful surrounding all things of body consciousness. I was having a bit of a struggle. While reading Matrix V I giggled yet shuddered at having faced so many of the obstacles you mentioned with focus primarily to males (e.g., forced marriage before I was strong enough to say NO, the battle over my retaining my healing career and staying financially independent of my husband and most recently the battle of breeding which I have stood strong and refused to do; but not until I read your book did I fully understand why.) These concepts have all been pushed at the hands of my mother in law a dynamic that does not escape me, her control of my husband is the role generally played by wife... At any rate, your material has truly helped me to balance any of my remaining tendencies towards control et al via these DNA mechanisms which are fostered by the sleeping masses and their current puppeteers. Your mention of the Matrix movies axiom about anyone in the Matrix being an enemy to those trying to get out of the matrix is an example I have used many times. I have many questions that arose during my reading but will continue to put them to my higher self and wait to see if any remain gray or fuzzy enough for me to direct to you and your obvious experience. Your continued and forceful reminder to remain true to self and to stand strong on the path of discovery as well as your reminder of accepting where one is without comparing is all so beautiful and one of the things I most appreciated about your work. I have known for years how our beliefs and lenses as I call them create our reality here and I have been working to ascend above polarity consciousness this is yet another area your work proved to be both essential and perfect for. The Light-sider stuff was stunning me. I would see it for what it was, including a ploy by the dark-siders, but found little to support this outside of a gut theory until your work! Many a friend has passed out of my life because of their addiction to the Ascended Masters, Angels, God outside of self and the general "save me oh power outside of myself" game. Before reading this material I was staring to question if I was the only one who noticed this new age trap and felt the dark energy posing as light behind it. Alas now as my focus is now fostered I will attract beings of like mind and forge ahead in my own understanding. Yahoo. Thank you again sir for your brave, funny and most of all heart opening work. You have entered my list of top ten favorite artists causing shifts and ripples of consciousness with a bullet; perhaps even taking the number one spot to unseat the band Tool who's new album uses one of your terms "spiral out" often and well. I saw them twice last week at Madison Square Garden and oddly thought of you and that you might be a fan if you have yet to discover them. I believe based on the lyrical content and also visual focus that the band is a fan of Val's website or perhaps of Monroe's work, or just Higher self connection. I digress. With gratitude and admiration, Leslie
"Matrix V represents a natural progression for dominant/very advanced higher self incarnations."

"I have recently received Matrix 5 and have been steadily processing the information ever since. The material which you have presented is dynamic in the sense that it is so far beyond the average human consciousness that they could never hope to comprehend even a hint of the material."

"Not long after I received and started reading Matrix V, I also became successful with astral projection. The author is so right. OBSERVE just OBSERVE! --- IT'S ALL ABOUT THE EXPERIENCE!"

"Matrix V is my favorite written material by far, ever published. What a breath of fresh air to read a cohesive journey through the game, it's rules and the possibilities of spiraling out. Previously I found so much Light- sided material that seemed to be fodder, just another set of Dogma, or exercises to keep the mind busy and looking outward rather than directing the seeker within."

"Let me make use of this occasion to say thanks for what you have done to my life. Without you, M5 and your prompt follow-up advice in this forum I would never be where I am right now. Since there might be an event taking place in the future that could destroy my body, I just wanted to make sure that I didn't forget to show my utmost respect for the things you have accomplished. Not only to me but probably to everyone who has been in contact with your material. At your advice I have read M5 and Bob's trilogy. And it has literally changed my world - not only the view, but also my participation in it. You have pushed me on the rocky road - which is a good thing - because right now it's already getting smoother and the results are definitely worth it. I'm able to see right through the Game and am ready to proceed to 'the next level'. Words do not suffice to describe what you have done for me and my Higher Self. Maybe I will get the chance later to thank you in person." 19 Sep 2001

"On reading Matrix 5 I have been through an amalgam of emotions, to read this information is so thought provoking that for me if I am not reading it at every opportunity then I am thinking about it. What the author talks about in MV just makes so much sense, no matter what situations we find ourselves in, it's all about the experience. Now to find out amongst other things our DNA has been tampered with, that religions, governments and all of it are to keep tight control of the slaves. Where have I been all my life? - up until now I have lived here on this earth, I see and I'm blind, I hear and I'm deaf to all that has been happening around me. I have no idea where I am situated regarding my higher self, what I do know is because of what the author has imparted, I am armed with the most powerful of all tools and that power is KNOWLEDGE! I also realize that having the information is wasted unless it is followed by actions that further one towards one's higher self. I feel as though I have been awakened and freed from the lie I have been living, I know my higher self is aware of this. Now my journey is beginning." 10 Sep 2001

"Thanks for this information! I have never thought about the meaning of my name since I've read Matrix V. But now it becomes totally clear. What I came to realize, again with this subject, is that the most obvious things which are right under your nose are the most difficult to detect!" 10 Sep 2001

"I have not yet read Matrix 5 but it is on order. From the other Matrix material I've read, I find that the more I study and comprehend it, the more my questions seem to be answered"
in my head even before they are fully typed out. "Very interesting!" 10 Sep 2001

"Matrix V has awakened my present incarnation to an entire new level" 9 Sep 2001

"Just received my Matrix V book yesterday and find it difficult to put it down. I'm sure there are others like myself out there who will share their thoughts and joys about this book." 8 Sep 2001

"I have read about 20% of Matrix V so far, and am enthusiastic about being able to discuss the material with other readers. Matrix V has a certain depth and ring of truth about it that is hard to find elsewhere." 1 Sep 2001

"Thank you for distributing the Matrix V material. It has been invaluable I have kept up with your work since I first began my "awakening" in 1992 (the precursor to that was me being ensnared by a glowing, transparent sphere in 1988 at age 18 still not quite sure of the significance or if you could provide any insight on that). Since that time I've read Matrix I, II, III, IV and now V (I also keep up w/your website material). The person who is writing the information for Advanced Incarnations is very aware. A major source of very advanced information during my "awakening" has been the Advanced Incarnation Material. I do realize the synchronicity within this existence and that I have come across this type of information because of who/what I truly am (Higher Self), thank you for everything. Your efforts are greatly appreciated by myself and many others. I wish you success in all that you do." 30 Aug 2001

"Thanks ... it's been an interesting transformation." 30 Aug 2001

"I have been reading your website for 18 solid hours ... can't tear myself away. What blows me away is that all the material you present is self-evident truth. I do not say this lightly...I am a 50 year old cynic/skeptic and a former religionist/idealist/lightworker/save-the-world-type with three marriages behind me, and I normally disagree with damn near everything I read or hear until I test it. So it is a shock to find absolutely nothing to disagree with in what you say, zero, zip. If anything, my entire life experience (and I have quite a bit, especially with women) totally validates everything you are saying! Amazing. May I say thank you and (I really hope this doesn't offend you,) bless you for what you are doing." 29 Aug 2001

"I have received the Matrix 5 book. I've only read the first 45 pages and have just those 45 pages totally eye opening in the most positive way imaginable!! Even the artwork feels familiar and right. I don't know how to fully express it. I am married, but I call the lady my friend as we are companions where sex is only an option and never held against each other. In fact, the marriage is all about companionship and the sharing of our spirits company FIRST AND FOREMOST. We have no children, and after 2-3 years may or may not. After reading the book, I will choose not to breed. I also feel she is at least an Dominant incarnate without the Orion evils. She's not possessive at the least, and full of spirit. I couldn't want a better companion. We both are beyond the sex, the marriage games, etc. Even though I'm considered quite attractive by the GAME, she is considered at best very cute, but it is her spirit I love as well as her. Yes, it's an experience, but we both realize this. Thank you for confirming what GAME rules were with marriage as it not only confirms what I've always known, but what I just happen upon. I will be in touch with my questions, and thank you for writing this book." 29 Aug 01
"It is amazing what you see, once you start opening your eyes. When I first started reading the posts about women on the trufax site, I had mixed feelings. I knew the author was right, but it still did not feel good to admit. I tried to force myself to make changes but I was not ready and it was not natural. Then when I read Matrix V, it just clicked and now I can see it clearly. I am a member of an e-mail list. One of the girls was talking about how we should "guide" (control) men and instruct them on the proper way to do certain things. I usually stay out of it, but it made me so mad that I had to tell her off! After witnessing my own reaction to the girl's post, I actually realize that I have been unconsciously changing. I never would have picked up on the control aspects of the comment before reading the Matrix. My relationship with my spouse is also evolving. Neither of us feel the need to force anything anymore (sex, convo, etc). I also learned to get mad or upset when he went out with the guys. It was all about control and trying to make sure he did things the way I wanted him too. I was scared that the guys would influence him more than I could. I do not feel that way anymore. I have also realized what I have gained from him. I really think that I was led to him. It was through him that I gained access to some of the more eye opening occurrences in my life (such as this). We have had convo's on our relationship and both agree that when we feel we no longer need to be together, we will peacefully stay friends and go our separate ways. Before, that scared me, but now it does not. I have been looking at my life and I feel that this is one of the happier times. Things seem to be falling in to place." (28 Aug 2001)

"One of the biggest things that MATRIX V explained for me is to be Happy with where you are in one's Incarnational Cycle. I think worrying if your Awakened or Not or a Dominant or a Middle Advanced shows one's Ego talking. Be Happy with where you are. If you read MATRIX V or have the book it seems one was able to connect to valuable information. Process what you can and chuck the rest if it doesn't resonate with you at the moment is what I do. Part of me would like to boast about how Final I am....but in the bigger picture thru reading MATRIX V, whatever level one is at, if you observe and learn and live the experiences one is faced in life with a sense of Humor and detachment, it really doesn't matter to me, as long as I am in the process of attempting to connect to my Higher Self and letting that info flow thru my life, I am not in competition with anyone. Enjoy have fun, don't feel guilty, and use the time you have for how you see it."

"... The MOST CLARIFYING BOOK I have ever read in this incarnation ... If you are searching for the truth, read & understand Matrix V."

"Many times in my life I could have been married. I am the one who always backed out. There would then follow a long period of self-condemnation, consisting of beating myself up for "being such a coward", etc. Yet, in spite of all the self-berating, that "still small voice" within would be resting quite comfortably with these decisions. This shows me the distinction between the status quo approval of the ego and the gentle urgings from my inner most self. This kind of inner battle has gone on most of my life. I know now that I don't have to do that any more because I am able to see it for what it is and which voice is really doing the talking. All my life I have been doing these kind of things. No more! Now I know why seeking the status quo would never work for me. Just quite maybe it was not suppose to work. Matrix V has cleared up the gay/lesbian issue for me completely as well as my own feelings of shame and degradation whenever I would question my own sexuality. Thank You for the info concerning the use of gold light. I have had many negative experiences while out of the body and the change in color should put a stop to it. Yes, I got "scared off" (as did your friend whom you did not see for a year and a half) and refused to meditate for years. So, I have the Astral Travel book on order, as out of body travel seems to me to not be a
good idea for the novice. When I found the excerpt for Matrix V on Val's site I experienced a rush of relief. I was glued to the page for two days. Finally an answer to what is going on. I don't have to be hard on myself as in the past. Matrix V is confirmation of this."

"I have had OOB'E since an early age and only recently in the last 4 years have broken out of a religious belief system and connected with my higher self. I have experienced a merging with my other incarnations as well as meeting my future self who has come to help me on a couple of occasions to get out of my body. When I was in the book store I saw the cover of Matrix V and immediately I recognized the artwork out of my own conscious memories. I didn't even have to pick the book up to know that it contained some very advanced truths, many of which I already know (although nice to see and confirm that there are others who are aware of it). I haven't even finished reading it. I've gotten about one fifth of the way through it. It's so very encouraging to meet other final incarnates who have woken up."

"I received Matrix 5 as a Fathers Day gift. What a book!"

"The information in Matrix V for advanced/final incarnations resonates with how I "feel". The information presented by the author is very "true" and much thanks is given to the author for taking the time to present the information "now". The specific information regarding genders/gender splits very clearly states the conflicts caused as a result of the gender split and I have noticed this for a long time and the Matrix V information brings things into even better focus. It is time to move past the bullshit and the agendas being pushed by the polarities (whether terrestrial or extraterrestrial) of this planet ("alien invasion", "aliens running the planet", "follow me I'll save you", "this group is right/this group is wrong", etc.). I am very aware that my true nature is unlimited and that through my experiences I will continue to access more of my "potential", which is unlimited."

"Matrix V and the Paradigm Books have given me a sense of personal power and excitement toward trying a more creative approach to life. If it is a game that will end, may as well try out some new ways of thinking and have some fun while we are here! Knowing that I don't need to ask questions to an external source is what I am working on presently. All of the answers I need can be received from my higher self, if I can learn to trust the information. I sometimes hesitate to contribute to this discussion, because of the fear of sounding stupid or getting criticised. I realise that this is an external focus rather than realising that I don't need validation from the outside."

"I am in the process of reading Matrix 5 and I love it. It is amazing how much of it is me. I am female, so for me to say that is stunning! I have been following the site for sometime now. I was raised pentecostal. Very strict. No pants, no make up, no music, go to church every day type of thing. Wasn't me. Went to college and joined an organization that woke me up and impacted my life like nothing else ever had. The organization talks about a lot of the stuff mentioned in the book and on the site, but I was tired of the games. The power struggles, lies, worship me, do as I say not as I do aspects of the organization got on my nerves. It was like looking for a diamond in a pile of coal. The information was right but what you had to go through to get it was ridiculous. So I started to pull away a little. discovered your web site, and have been enjoying it every since."

"I am finding the Matrix V material to be an excellent tool for me on my path. It is my deepest desire to fully and completely connect with my Higher Self, and to fully complete my personal mission for the good of my wholeness in this simultaneous lifetime. I want to thank you for your excellent works found within the Matrix V material!"
"Thanks for the astounding information. This is my second to the last incarnation so that may be why I resonate with it. Many bits and pieces of what ETs and other sources have said seem to hint at what you have on this page being true. I am ready to hear what’s written there, though much work remains for me to unload the flawed programming left and live life accordingly."

"The stuff is incredible. It’s all true. I always felt I should be with someone else that I was weird and people would think I was weird if I wasn’t married, dating etc... I was particularly shocked by the Sirian Orion conflict in regard to war on a mass level. My ego swells and shrinks it is not so solid. My fear is also not solid. Staying in light and dark is a trap. Judgment, superiority, war are the result. I do not want to be a part of this. I will be studying and researching this stuff further. P.S. This is not a new trip for me, just something I have been asking for."

"I recently came across your information and very quickly realized just how intrinsically in-tune I was with the messages and also the Handbooks for the new paradigm. I have been on a long search for this very material and have come across other materials that only contain a small portion of the truth you represent, but have lead me ultimately to this present direction. I have known these things deep inside me since I was 9 years old but have not been able to put it into words or understand that I wasn’t the one who was ‘strange’ or had ‘weird ideas’. I have struggled hard with my inner feelings about the deeper meaning of life as it conflicted with the ‘general view’ and the indoctrination of the system - I always knew there was something ‘very wrong’ with this holographic ‘reality’ and couldn’t quite put my finger on it. Thank you for allowing me to find you - your words are music to my ears and the message is so clear because I feel right at the core of me that you are putting into words what I always thought and felt."

"The truth of what you are presenting here is sinking in, and the longer I contemplate it, the clearer it becomes. Since first digesting this material a month ago, its been gestating within my consciousness and I am now seeing validation of its truth in my everyday life. Particularly in regards to dating and relationships, I have experienced all of the characteristics you lay out as the 'programming of the Orion DNA commands' in females firsthand, and its a pretty ugly scene. I have had continual friction with the opposite sex, particularly when it comes to ideology...If I am truthful about what I feel and see concerning trends such as 'feminism', the 'women's movement', the emerging totalitarian state, etc. I am ridiculed mercilessly as small minded and reactionary. Eventually, each potential relationship was thwarted by a decision by myself to be true to myself and stick to my values and what I know to be true. I have always valued freedom and wisdom above anything else. I am not an abrasive, bigoted 'chauvinistic' man. Quite the opposite."

"The material in Matrix V is at once shocking and ultimately freeing if you can let yourself go for the "reaction ride". I had some definite reaction to the "roughness" with which the author endeavored to communicate not only the truth about women and their programming, but also his very personal feelings about such. After letting all the reactions and arguments play out, I understood that it doesn’t matter. The author is very concise at conveying his message, it’s just a different frequency of communication. So after getting down to what is important, well, it’s the information no matter how it is presented. I realized that if the burning bush is speaking truth then I want to listen, even if it is a little hot."

Hello Author,

Truthfully, my narrow minded/self-centered viewpoint caused me to fail to see the bigger picture and to attempt to use only my situation to generalize the description of mid-Advanced levels and below. I see better now, the need to be a good observer, and this is one more step to understanding that the whole progression thing is a process. It makes a lot of sense. The last segment was great for me. It was like information/understanding I needed but hadn’t asked for. I must say that this is a cool game, looking at it from some of the points of view in M5G. Learn the hard way, get help if you’re lucky/destined to... Thanks for all your help, both direct and indirect.

February 22 2004

To The Author and Val:

“I wanted to give thanks to both yourself and Val for M5G. In addition to this, the continued update of the materials with post publication and observation segments. Since my original reading of M5G in May 03, my spiritual growth and perspective has accelerated at an exponential rate to the extent which I would not have been able to comprehend up to a month prior of the original reading. I am now through my 4th reading of the materials and re-reading all post publication and observation segments up until the present postings. I have bound these as companions to my copy of M5G which also assists in my studies of the materials.

My own experiences I would like to share with you since my original reading.

In a coordinated reply by both yourself and Val, via e-mail to me dated June 16 02 you stated that I would need to make some serious decisions on several levels. As you mentioned in this particular e-mail I would decide to dump my magazine project, which I have. I outlined in my final epilogue to readers that I was no longer interested in challenging and/or attempting to alter the game through Beachhead or any other means within my own personal experience. Obviously Beachhead was where I was at then and part of my journey. This particular e-mail in conjunction with M5G is the basis of me contacting you.

Shortly after my original reading of M5G I began to notice more sharply the polarities at work. This began in my own workplace. I [was] employed in an industry which was predominantly female and it was during these [first] few months [as I continued to read M5G and appreciated its sheer power] I observed the Orion DNA commands at work with regards to female dominance and male subservience. This sharpened my observation abilities being employed in such an industry. As time progressed and I studied the materials further, I immediately noticed I was being confronted with what you had discussed in several segments, as I was not subservient - being ignored, confronted for minor things, isolated and the like. Your segment "Changes In You" was one particular piece which I re-read many times over and helped me tremendously to understand the changes [rapidly] taking place within me.
In my meditations communing with my Higher Self as the months passed, I would speak
and asked my Higher Self to open up a new opportunity for me to enter into as my interest
working in this particular industry declined. I also needed a new challenge. Sure enough
that particular opportunity arose just two weeks ago and I am now employed in a totally
different industry, with a new challenge and the flexibility for my spiritual studies also
(which I asked for). Needless to say, since the incarnational connection has deepened even
further my interest in work [as a whole] has also declined. I do understand this is a
mainstay of the game, like paying rent, and is only temporary. I read in the Q&A section of
M5G that other readers are also experiencing this.

In addition to this, I moved house and feel much healthier. I have deliberately cut off most
of my family members. I can see how they attempt to pull you back into the game if you're
no longer a party to their victimhood, imposing their guilt and general polarity plays. I am
at the point now where I barely hear from any of them [“Changes In You” segment] - i.e. the
phone hardly ever rings! [laugh]

The concept of Emotional Fire is amazing! In my meditations I have been working with my
throat chakra and working to speak with spirit and without polarity interference. I've
noticed over the last few months that is exactly what is taking place and I am becoming
more and more forthright and upfront, which I find very empowering. In actually fact, you
also have mentioned this in particular segments, when I am direct and use my emotions to
work for me, how it actually shakes up other incarnations! As people have been conditioned
to accept that others should only use fluffy lightside emotions!

A month prior to receiving M5G I got married. Since my readings and studies of the
materials, my attraction towards women has declined profoundly. I now see marriage
exactly for what it is as too breeding [I have one son] and together with my wife we have
agreed that marrying each other was only done to please others. She is currently reading
M5G [first time] and is absorbing all the information, including that surrounding the
female dominance agenda. We had also decided that having one child was/is enough. That
breeding was merely a body id consequence. It's interesting that when I tell people we're
happy with one child and are not interested in breeding [for the empire] how they [the
surrogates as you term them] try and pull you back into the game using guilt and so forth.
The women I am married to, we talk openly with each other and have agreed that when the
time comes for us to part we will do so. Our marriage is becoming more and more plutonic.
Sex is becoming less frequent and frankly I am less and less interested. I prefer instead to
meditate and focus on astral travel. We have both openly talked about homosexual
attraction, to each other. For me, I am in holding. I note that if I am attracted to a male it
is more spiritual than body id [few and far between]. For the moment, I am enjoying being
where I am at.

The information on Dominant incarnations has helped me decipher some more notable
dreams I was experiencing. Originally my [3] Dominant incarnations were phased out
somewhat, but over time their appearances are becoming more and more clearer.

M5G is indeed THE wildcard. Thank you providing the keys. EndGame, bring it on!
